

Hello, I'm Igwedinma Ifechukwu Divine

I am an Aspiring Frontend Developer with a passion for creating visually appealing and user-friendly web interfaces. Currently studying Software with a focus on frontend technologies like HTML/CSS and React. Eager to apply classroom knowledge and gain hands-on experience in building responsive and interactive web applications.

Skills

Languages : HTML, CSS, Tailwind CSS, Javascript, React, PHP, Python, Java.

Technologies : Github, Netlify

Tools : VS code, Terminal, XAMPP, Visual Studio

Experience

December 2023 - PRESENT

Shadow Devs BU, Babcock University - Frontend developer

The Shadow dev is a student developer community that implements and researches solutions to solve problems within campus using the software engineering process. I contributed to Find-It, a web solution that unites lost items with their owners.

- Translated UI/UX designs from Figma into responsive HTML/CSS templates, ensuring pixel-perfect accuracy and consistency across browsers and devices.
- Leveraged Django template engine to seamlessly integrate frontend designs with backend logic, facilitating dynamic content rendering and enhancing user experience.
- Collaborated closely with UI/UX designers, backend developers, and project stakeholders to refine design specifications, address technical requirements, and meet project deadlines effectively.

June 2018 - September 2022

Krevixopan IT consultancy Ventures, Kirikiri, Lagos - IT Consultant (Part-time, Intern)

- Provisioned laptops with Windows operating systems, ensuring proper configuration, installation of necessary software, and adherence to security protocols.
- Managed printing tasks for clients, overseeing infrastructure, streamlining workflows, and ensuring timely delivery of quality prints.
- Tutored 30+ students in essential IT programs, including computer proficiency, Microsoft Word, Excel, PowerPoint, and web basics, providing hands-on instruction, personalized coaching, and educational resources to enhance their digital skills and proficiency.

Education

September 2022 - Present

Babcock University, Ilishan-Remo, Ogun State - *Software Engineering (undergraduate)*

CGPA : 4.71 out of 5.0

Awards

Competed at Babcock University's Software Exhibition, a team competition for students to create and present solutions to problems in society.
